**Re: Brampton Gate**

We thought it would be beneficial to you if we dropped you a correspondence and updated you as to how works are progressing on site.

The culverts which will form the new crossing across the ditch are due to land on site the first week in September.

Works will continue through September which will also include the foul drainage connection at the front of the development along with service connections that will feed the development.

Once the new crossing has been installed and the first section of tarmac to the road laid this will allow access to the new site compound and car parking area, located further into the development which we would anticipate to be in early October.

Our sales presence is anticipated to open Mid October.

Bellway Homes appreciated your cooperation during the initial stages of works and will continue to minimise any disruptions.

Yours sincerely  
For and on behalf of  
**Bellway Homes Limited**  
**(Northern Home Counties)**

Greg McGovern  
**Construction Manager**
